Seattle, WA 98101

March 6, 2023

PLACEHOLDER DOCUMENT

FOIA Request Tracking Number: EPA-R10-2020-001050

Description:

- Records pertaining to “funding summits” convened by the EPA regarding water systems in Warm Springs, Oregon, including minutes, any audio/video recordings, agendas, invitation list, subcommittee assignments and subcommittee minutes / agendas, since June 1, 2019, through the date of your perfected request, November 21, 2019.
- all communications pertaining to SDWA and/or CWA orders for water systems in Warm Springs, Oregon, including emails, memos, and phone / text records, since June 5, 2019, through the date of your perfected request, November 21, 2019.
- all communications with email addresses ending in @wstribes.org, related to the above bulleted topics, since June 1, 2019, through the date of your perfected request, November 21, 2019.

Excluding:

- Correspondence on logistical arrangements for the funding summits (e.g. meeting support staff, travel to/from, etc).
- Routine meeting coordination correspondence with non-EPA federal agencies such as IHS, BIA, etc.
- Correspondence to/from yourself as the primary party.

The following record has been withheld in full:

A two page EPA Region 10 draft communication strategy that was sent from Adam Baron to Mark MacIntyre and Bill Dunbar on July 31, 2019 (ED_004384_00002343). EPA is withholding this record because it is exempt from disclosure by virtue of 5 U.S.C. § 552(b)(5) as a privileged draft, predecisional, or deliberative document.
